COMPANY

Quick Brown Fox Solutions is the precision CNC machining division of Quick Brown Fox LLC, a SAM-registered U.S. small business. We are the prime contractor of record on every purchase order: quoting, drawing review, quality documentation, and delivery. Production is fulfilled by a vetted network of ISO 9001:2015 certified U.S. manufacturing partners. The LLC itself does not hold ISO 9001, AS9100, or ITAR registration.

Office: 3421 Pawtucket Ave, Riverside, RI 02915 · Hours: Monday–Friday 8:00 AM–5:00 PM ET · support@quickbrownfox.co · (401) 952-3664 · qbfcnc.com

CORE CAPABILITIES

- 5-axis milling — 19" round trunnion, 18,000 RPM spindle, 60-tool magazine; 3-axis VMCs with envelopes to X 32.5" / Y 22" / Z 20".
- Swiss-type turning — 5-, 7-, and 9-axis platforms; bar capacity .812" to 1.50"; spindles to 8,000 RPM.
- CNC turning centers — 1.625" to 3.05" spindle bore, live tooling for cross drilling and milling; repeatability to $\pm .0001$ ".
- Routine tolerances to $\pm .0002$ ". Prototype through production lots. First-article inspection and traveler-controlled production.
- Materials: aluminum, stainless, carbon/alloy steels, brass/bronze/copper, engineering plastics; titanium and high-nickel alloys on request.
- Secondary: surface grinding, bead/vapor blast, mass-finish deburring, sawing and stock prep.

STOCK NSN HARDWARE

Separate from custom machining: 8,500+ National Stock Numbers with published unit prices at qbfcnc.com. Country of origin Türkiye (a DFARS qualifying country). Source and country-of-origin documentation with every order. Fulfillment within 90 days. No government contract required to buy. Search by NSN or MS/NAS/AN part number: qbfcnc.com/search

DIFFERENTIATORS FOR FEDERAL AND PRIME BUYERS

Active SAM registration (verify UEI MA3DSJEPMFQ8 or CAGE 201W8). Single-point accountability as the small-business prime. ISO 9001:2015 production network with drawing review, travelers, and FAI. Public NSN catalog for kit fill. U.S.-made custom machining; stock hardware origin disclosed on every page.
